

Printing date 06.02.2015 Version number 1 Revision: 06.02.2015

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

· 1.1 Product identifier

· Trade name: <u>Multi Purpose Lithep Grease EP 2</u>

· Article number: 07.10.03

· 1.2 Relevant identified uses of the substance or mixture and uses advised against

• Sector of Use SU3 Industrial uses: Uses of substances as such or in preparations at industrial

sites

SU21 Consumer uses: Private households / general public / consumers

SU22 Professional uses: Public domain (administration, education, entertainment,

services, craftsmen)

Application of the substance /

the mixture Grease

· 1.3 Details of the supplier of the safety data sheet

· Manufacturer/Supplier: Kroon Oil BV

Dollegoorweg 15 NL-7602 EC ALMELO Tel.: +0031-(0)546-818165

· Further information obtainable

from: Product safety department - vib@kroon-oil.nl

· 1.4 Emergency telephone

**number:** +31 (0)546 818165 (9 AM to 4 PM, Monday to Friday)

#### **SECTION 2: Hazards identification**

· 2.1 Classification of the substance or mixture

· Classification according to

Regulation (EC) No 1272/2008 The product is not classified according to the CLP regulation.

· Classification according to Directive 67/548/EEC or

**Directive 1999/45/EC** Not applicable.

 Information concerning particular hazards for human

and environment: The product does not have to be labelled due to the calculation procedure of the

"General Classification guideline for preparations of the EU" in the latest valid

version.

· Classification system: The classification is according to the latest editions of the EU-lists, and extended by

company and literature data.

· 2.2 Label elements

· Labelling according to

Regulation (EC) No 1272/2008 Void
Hazard pictograms Void
Signal word Void
Hazard statements Void

· Additional information: EUH210 Safety data sheet available on request.

 $\cdot \text{ 2.3 Other hazards} \\$ 

· Results of PBT and vPvB assessment

PBT: Not applicable.vPvB: Not applicable.

# **SECTION 3: Composition/information on ingredients**

· 3.2 Mixtures

· Dangerous components:				
CAS: 68425-15-0	Polysulfides, di-tert-dodecyl	R53	1-2.5%	
EINECS: 270-335-7		Aquatic Chronic 4, H413		

· Additional information: For the wording of the listed risk phrases refer to section 16.

#### **SECTION 4: First aid measures**

· 4.1 Description of first aid measures

• General information: No special measures required.

After inhalation: Supply fresh air; consult doctor in case of complaints.
 After skin contact: Generally the product does not irritate the skin.

After eye contact: Rinse opened eye for several minutes under running water.

(Contd. on page 2)

Version number 1 Revision: 06.02.2015

Trade name: Multi Purpose Lithep Grease EP 2

(Contd. of page 1)

· After swallowing: Do not induce vomiting; call for medical help immediately.

· 4.2 Most important symptoms and effects, both acute and

Printing date 06.02.2015

delayed No further relevant information available.

 4.3 Indication of any immediate medical attention and special

treatment needed No further relevant information available.

## **SECTION 5: Firefighting measures**

· 5.1 Extinguishing media

· Suitable extinguishing agents: CO2, dry chemical, or foam. Water can be used to cool and protect exposed

material

· For safety reasons unsuitable

extinguishing agents: Water with full jet

• 5.2 Special hazards arising from the substance or mixture

Formation of toxic gases is possible during heating or in case of fire.

· 5.3 Advice for firefighters

• Protective equipment: Wear self-contained respiratory protective device.

Wear fully protective suit.

#### **SECTION 6: Accidental release measures**

 6.1 Personal precautions, protective equipment and

emergency procedures Wear protective clothing.6.2 Environmental precautions: No special measures required.

· 6.3 Methods and material for

containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders,

sawdust).

Remove from the water surface (e.g. skim or suck off).

· 6.4 Reference to other sections No dangerous substances are released.

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

### **SECTION 7: Handling and storage**

· 7.1 Precautions for safe

handling

No special measures required.

Avoid the formation of oil haze.

· Information about fire - and

explosion protection: No special measures required.

· 7.2 Conditions for safe storage, including any incompatibilities

· Storage:

· Requirements to be met by

storerooms and receptacles: Store only in the original receptacle.

· Information about storage in

one common storage facility: Not required.

· Further information about

**storage conditions:** Store in cool, dry conditions in well sealed receptacles.

· 7.3 Specific end use(s) No further relevant information available.

## **SECTION 8: Exposure controls/personal protection**

· Additional information about

design of technical facilities: No further data; see item 7.

 8.1 Control parameters
 Ingredients with limit values that require monitoring at the

workplace: Contains mineral oil. Under conditions which may generate mists, observe the

OSHA PEL of 5 mg per cubic meter, ACGIH STEL of 10 mg per cubic meter.

• Additional information: The lists valid during the making were used as basis.

· 8.2 Exposure controls

· Personal protective equipment:

· General protective and

**hygienic measures:** Wash hands before breaks and at the end of work.

• Respiratory protection: Not required.

(Contd. on page 3)

Printing date 06.02.2015 Version number 1 Revision: 06.02.2015

Trade name: Multi Purpose Lithep Grease EP 2

(Contd. of page 2)

· Protection of hands:

Wear gloves for the protection against chemicals according to EN 374.

Oil resistant gloves

Material of gloves Nitrile rubber, NBR

PVC gloves Neoprene gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

· Penetration time of glove

material For continuous contact we recommend gloves with breakthrough time of more than

240 minutes with preference for > 480 minutes where suitable gloves can be identified. For short-term/splash protection we recommend the same, but recognise that suitable gloves offering this level of protection may not be available and in this case a lower breakthrough time may be acceptable so long as appropriate

maintenance and replacement regimes are followed.

Glove thickness is not a good predictor of glove resistance to a chemical as it is

dependent on the exact composition of the glove material.

The exact break trough time has to be found out by the manufacturer of the

protective gloves and has to be observed.

• Eye protection: Goggles recommended during refilling

· Body protection: Protective work clothing

## **SECTION 9: Physical and chemical properties**

· 9.1 Information on basic physical and chemical properties

· General Information

· Appearance:

Form: Pasty
Colour: Light brown
Odour: Mineral-oil-like

 $\cdot \ \text{Change in condition}$ 

Melting point/Melting range: Undetermined.
Boiling point/Boiling range: Undetermined.

Flash point: > 200 °CFlammability (solid, gaseous): Not applicable.

Self-igniting: Product is not selfigniting.

• **Danger of explosion:** Product does not present an explosion hazard.

· Explosion limits:

Lower: Not determined. Upper: Not determined.

· **Density:** Not determined.

 $\cdot$  Solubility in / Miscibility with

water: Not miscible or difficult to mix.

· Partition coefficient (n-octanol/water): Not determined.

· Solvent content:

Organic solvents: 0.0 %

• 9.2 Other information No further relevant information available.

### **SECTION 10: Stability and reactivity**

· 10.1 Reactivity

· 10.2 Chemical stability

· Thermal decomposition /

**conditions to be avoided:** To avoid thermal decomposition do not overheat.

 $\cdot$  10.3 Possibility of hazardous

reactions
Reacts with strong oxidising agents.

10.4 Conditions to avoid
10.5 Incompatible materials:
No further relevant information available.

· 10.6 Hazardous decomposition

**products:** No dangerous decomposition products known.

(Contd. on page 4)

Printing date 06.02.2015 Version number 1 Revision: 06.02.2015

Trade name: Multi Purpose Lithep Grease EP 2

(Contd. of page 3)

## **SECTION 11: Toxicological information**

· 11.1 Information on toxicological effects

· Acute toxicity:

· Primary irritant effect:

on the skin:on the eye:No irritant effect.No irritating effect.

• **Sensitisation:** No sensitising effects known.

· Additional toxicological

**information:** The product is not subject to classification according to the calculation method of

the General EU Classification Guidelines for Preparations as issued in the latest

version.

When used and handled according to specifications, the product does not have any

harmful effects to our experience and the information provided to us.

 CMR effects (carcinogenity, mutagenicity and toxicity for reproduction)

This product contains mineral oils which are considered to be severely refined and not considered to be carcinogenic under IARC. All of the oils in this product have

been demonstrated to contain less than 3% extractables by the IP 346 test.

#### **SECTION 12: Ecological information**

· 12.1 Toxicity

• Aquatic toxicity: No further relevant information available.

· 12.2 Persistence and

degradability
 Other information:
 12.3 Bioaccumulative potential
 12.4 Mobility in soil
 No further relevant information available.
 No further relevant information available.
 No further relevant information available.

· Ecotoxical effects:

• Remark: This material is not expected to be harmful to aquatic organisms. The product has

not been tested. The statement has been derived from the properties of the

individual components.

· Additional ecological information:

• Generally not hazardous for water

12.5 Results of PBT and vPvB assessment
 PBT: Not applicable.
 vPvB: Not applicable.

• 12.6 Other adverse effects No further relevant information available.

## **SECTION 13: Disposal considerations**

· 13.1 Waste treatment methods

• Recommendation Must not be disposed together with household garbage. Do not allow product to

reach sewage system.

· European waste catalogue

12 01 12\* spent waxes and fats

· Uncleaned packaging:

• **Recommendation:** Disposal must be made according to official regulations.

## **SECTION 14: Transport information**

· 14.1 UN-Number · ADR,ADN, ADN, IMDG, IATA	Void
· 14.2 UN proper shipping name · ADR,ADN, ADN, IMDG, IATA	Void
· 14.3 Transport hazard class(es)	
· ADR,ADN, ADN, IMDG, IATA	
· Class	Void
· 14.4 Packing group	
ADR,ADN, IMDG, IATA	Void
· 14.5 Environmental hazards:	
· Marine pollutant:	No

(Contd. on page 5)

Printing date 06.02.2015 Revision: 06.02.2015 Version number 1

Trade name: Multi Purpose Lithep Grease EP 2

(Contd. of page 4)

· 14.6 Special precautions for user	Not applicable.	
· 14.7 Transport in bulk according to Ann MARPOL73/78 and the IBC Code	ex II of Not applicable.	
· UN "Model Regulation":	-	

#### **SECTION 15: Regulatory information**

· 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

· National regulations:

· Waterhazard class: Generally not hazardous for water.

· 15.2 Chemical safety

assessment: A Chemical Safety Assessment has not been carried out.

#### **SECTION 16: Other information**

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

· Relevant phrases H413 May cause long lasting harmful effects to aquatic life.

R53 May cause long-term adverse effects in the aquatic environment.
